# SCHOOL REPORT.

---

## SCHOOL NO. 1.

Both terms taught by Flora E. Trussell, this making four successive terms in this school. The teacher having gained the confidence of the parents and the good will of the pupils succeeded in making the school very pleasant. The order was good considering the number of small scholars. Marked improvement was made, and the work appeared very thorough. The attendance was the best of any school in town. This we think is good proof of the excellence of the school.

## SCHOOL NO. 2.

One term taught by Laura E. Bucklin. We were unable to visit this school but once, therefore cannot report the progress made. The teacher seemed to have made a good beginning. Arrangements were made with the school board of Orange by which the pupils could attend school ten weeks in that town.

## SCHOOL NO. 3.

First term taught by Susie M. Flanders. The school appeared well at both my visits. Fair progress was made. Second term taught by Mary L. Jackson. Miss Jackson has a good faculty for gaining the love and respect of her pupils. Good progress was made. The rhetorical exercises at the close of the term were very good.

## SCHOOL NO. 4.

First term taught by Mary E. Gifford. This was one of Miss Gifford's best schools. Attendance very good. Nine pupils on the roll of honor. Second term taught by Agnes G. Elliott. This was Miss Elliott's first term, but she proved to be a competent instructor. Good progress was made. The improvement in reading is deserving of special mention. The school house in this district is old and unfit for school purposes.

## SCHOOL NO. 5.

First term taught by Hattie M. Bullock. Mrs. B. is an earnest, energetic teacher, and a good instructor. This with the co-operation of the parents, which we think she had by the number present at the closing examination, will make any school successful. Second term taught by Grace E. Whitcomb. The wisdom of selecting a teacher of experience was here made manifest. Miss Whitcomb has tact, energy and ability, to impart knowledge which will make her successful in whatever school she may be placed. Good discipline and thoroughness of work were among the strong points of her school.

## SCHOOL NO. 6.

Both terms taught by Bertha M. Flanders. This school is mostly composed of small scholars; though some are well advanced according to age. Very good progress was made by all; that of some of the smaller scholars being exceptionally so. The attendance for the last term was not as good as it should have been.

## SCHOOL NO. 9.

First term under the care of Ida L. Ford, who was faithful in the performance of her duties. The school made good advancement.

Second term taught by Florence A. Eaton and Minnie F. Clark. Both teachers showed an interest in their pupils and a love for the work which is bound to produce good results. Miss Eaton closed her connection with the school after teaching eight weeks. The closing examination under Miss Clark's management was very creditable.

## SCHOOL NO. 10.

Both terms taught by Mary F. Wells. The summer term a successful one. We visited the fall term at the commencement and found everything favorable for a good school. Owing to bad traveling we were unable to visit the school at the close and cannot report the improvement made. The register shows a fair attendance.

## SCHOOL NO. 12.

First term taught by Belle M. Dresser. A young teacher but she proved to be a good instructor. Second term taught by Val M. Hardy, who sustained his former good reputation as a teacher. We found a good number of pupils present and some very good scholars.

## SCHOOL NO. 13.

First term taught by Grace A. Sargent. Second term by Mrs. G.

F. Pettengill. Both are teachers of experience. Both are earnest workers in the school-room. Fair progress was made; that of the smaller scholars being the most marked.
